

We are delighted that Subros Ltd. won 4 prestigious awards at the Maruti Suzuki Vendor Conference (MSVC) 23 hosted by Maruti Suzuki India Limited in Dubai. We were recognised for our contributions to the automotive industry in the following areas:

- Overall Excellence
- Localisation
- Localisation of Design and Development (D&D)
- OEM Project Support

We are deeply grateful to Maruti Suzuki for this honour.

These awards are a testament to our commitment towards delivering excellent end-to-end solutions, from R&D, Design & Development to application design, testing & validation, and tools & die manufacturing for automotive applications in India.

We have always aimed to develop cutting-edge thermal solutions by pursuing deep localisation for sustainable development.

As a team, let us continue driving innovation and excellence in our field.
